

Dear potential students and colleagues,

- if you want to become a real professional in design and development of complex and challenging Web-based software systems, platforms and services;
- if you want to know newest trends and technologies related to these;
- if you already have a Bachelor Diploma in Computer Science, Software Engineering, Information Technologies or related (or you are going to get it during next Summer);
- if you are already capable and love programming and want to become a real GURU in it;
- if you want to become a desired and highly paid human resource for any company worldwide...

... we are inviting you to study in our **International Master Program: WISE - Web Intelligence and Service Engineering**. The Program is offered by the Department of Mathematical Information Technology, University of Jyväskylä, Central **Finland** (The region of 1000 Lakes).

Notice that studies in Finland are free of charge!

Web Site of the WISE Program: <https://www.jyu.fi/en/studywithus/programmes/wise>

Detailed Program Brochure: <http://www.cs.jyu.fi/ai/WISE.pdf>

WISE at Facebook: <http://www.facebook.com/wise.jyu>

Next application period: starts 1 December with the deadline: 22 January (annual intake)

Instructions on how to apply: <https://www.jyu.fi/en/studywithus/programmes/wise/how-to-apply>

On completion of the programme, you will be able to use and design complex self-managed Web-based public and industrial systems, digital ecosystems, platforms, services and applications; will be able to connect the designs with publicly available data (including Linked and Big Data) and Web-based capabilities as services; will be able to figure-out and approach various challenging problems world-wide, which require self-managed service-oriented architectures for their solutions; understand and professionally utilize for that purpose knowledge on enabling technologies and tools; perform academic doctoral level studies; will be skilful in international communication due to the integrated language and communication studies. Students will graduate from the programme with a Master of Science in Natural Sciences, will think beyond the routine and will be able not just to adapt to a change but to help to create and control it.

Apply now and welcome to Finland!

[University of Jyväskylä, Finland](#)

5 reasons why WISE has to be chosen:

1. **Free education** (study at our master program is free of any charges);
2. Finland has excellent **international reputation** for its educational system and internationally recognized high(est) standards of quality in education;
3. Finland in general and Jyväskylä in particular is an excellent, **friendly, safe** and extremely **beautiful place** to stay for studies, working and living;
4. WISE program will share with you **unique experiences, knowledge and skills** you will need in your business, industrial or academic career not only in near future but even far beyond;
5. Our curriculum is designed and implemented by a **multinational and multicultural** team and therefore each international student will feel comfortable with us.

Дорогие выпускники и коллеги!

Если у вас уже есть как минимум диплом бакалавра в областях, связанных с компьютерными науками, программной инженерией, информационными технологиями, и т.п. (или вы собираетесь его получить ближайшим летом), вы хотите стать настоящим профессионалом в проектировании и разработке сложных и масштабных программных систем и сервисов в Интернет-среде, хотите знать новейшие тренды и технологии с этим связанные, вы уже умеете и любите программировать и хотите стать настоящим гуру и быть желанным и высокооплачиваемым ресурсом в любой масштабной фирме в любой точке земного шара, то ...

... мы приглашаем вас поступать на **Международную Магистерскую Программу в Финляндии:**

International Master Program: **WISE: Web Intelligence and Service Engineering** с программой обучения на английском языке в университете г. Ювяскюля (Jyväskylä) в центральной Финляндии (регионе тысячи озер).

Информация о программе на следующих сайтах:

Официальная страница:

<https://www.jyu.fi/wise> (see also at Facebook: www.facebook.com/wise.jyu)

Буклет с подробным описанием: <http://www.cs.jyu.fi/ai/WISE.pdf>

Инструкции по подаче заявок:

<https://www.jyu.fi/en/studywithus/programmes/wise/how-to-apply>

Обучение на английском языке. Заметьте, что Финляндия является одной из немногих стран, где обучение совершенно **бесплатно**, при этом студентам предоставляются существенные скидки на жилье (весьма комфортное при этом!) питание, транспорт и другие услуги ...

Срок подачи заявок до **22 января 2016**, спешите! Мы вас ждем!
